

PREVENT CHEATING

During Online Exams

Over 1,500 institutions use **LockDown Browser** and **Respondus Monitor** to administer 70 million online assessments annually.

Lockdown Browser and Respondus Monitor

The Most Widely Used Proctoring Solution for Blackboard Learn, Canvas, Moodle, and Brightspace

Powerful

A fully-automated solution for total exam integrity.

Cost-effective

No per-exam fees. Save up to 90% vs. other proctoring services.

Convenient

Available 24/7, no advanced scheduling required.

If Your Online Exam Environment is...

Proctored

LockDown Browser is a custom browser that integrates seamlessly with the leading Learning Management Systems. It easily installs to a computer or iPad to prevent cheating during online exams:

- Prevents access to other applications and websites during an exam
- Exam content cannot be copied or printed
- Students are locked into the exam until it is submitted for grading

Non-Proctored

Respondus Monitor is the most advanced automated proctoring solution. Built upon LockDown Browser, it uses a student's webcam and industry-leading video analytics to ensure exam integrity.

- The student and the surrounding environment are recorded during the exam
- Suspicious behaviors are automatically flagged and prioritized for review
- Flexible pricing options support a range of institutional needs
