WHAT IS RESPONDUS LOCKDOWN BROWSER?

LockDown Browser is a locked browser for use with quizzes in Brightspace. It prevents you from printing, copying, going to another URL, or accessing other applications during an assessment. If a Brightspace quiz requires that LockDown Browser be used, you will not be able to take the quiz with a standard web browser.

LockDown Browser should only be used for taking Brightspace quizzes. It should not be used in other areas of Brightspace.

BEGINNING A QUIZ

1. Close all programs, unless one is used to connect you to the Internet.
2. Log into Brightspace with a regular browser, select the course and navigate to the quiz.
3. If LockDown Browser has not previously been installed, you will be prompted to download and install the browser.
4. Return to the quiz and open it to launch LockDown Browser.
5. If prompted to close a blocked program (e.g. screen capture, instant messaging), choose **Yes**.

Note: Once a test has been started with Respondus LockDown Browser, you cannot exit until the test has been submitted for grading.

USING WITH A WEBCAM (Respondus Monitor)

You may be required to use LockDown Browser with a webcam, which will record you during an online, nonproctored exam. (The webcam feature is sometimes referred to as "Respondus Monitor.")

Your computer must have a functioning webcam and microphone. A broadband connection is also required.

If a quiz requires LockDown Browser **and** a webcam, follow the steps in the previous section. At this point, the Startup Sequence for the webcam begins.

- > You will first need to review and agree to the Terms of Use.
- > The **Webcam Check** will confirm that your webcam and microphone are working properly.
- > The remaining steps of the Startup Sequence will depend on settings chosen by your instructor. Follow the instructions and note your progress along the left side of the screen.
- > If you encounter a problem, select the **it's not working** link for troubleshooting tips and access to 24/7 Live Chat Help.

The quiz will begin after the Startup Sequence is complete. You cannot exit LockDown Browser until the quiz is submitted for grading.

PROBLEMS?

If you have problems downloading, installing, or taking an assessment with Respondus LockDown Browser, contact your instructor or your institution's help desk.
